REACT PROJECTS

Primax
https://primax-685eb.web.app/
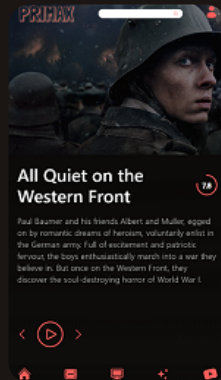

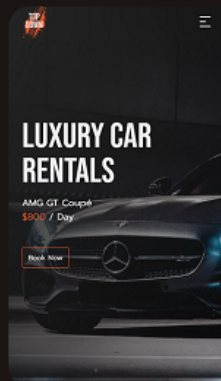

A movie app that fetches data from the TMDB api cached with React Query. Features include firebase authentication, play movie trailers, add favourite movie to user list and search functionality.

Topdown
https://topdown-surendranj.vercel.app/

A concept website for a luxury car rental company with a modern web design. Created with Nextjs, Tailwind, Typescript and Framer Motion.

Tic Tac Toe
https://react-tictactoe-nine.vercel.app/

A simple tic tac toe game with three modes - easy, medium and hard. Hard mode cannot be beaten as the computer player uses minimax algorithm to choose the best move.
